WORK EXPERIENCE

09/2015 - 01/2016

Web designer at Creare Group

At Creare, I designed numerous websites for clients across different industries and was responsible for theme development for WordPress and WooCommerce. All websites had to meet internal SEO standards. Being the first line of contact taught me customer management.

01/2015 - 07/2015

Artworker at De Montfort University

As a DMU student, I was shortlisted and offered an opportunity to work with the in-house design team. I handled design of leaflets, posters, brochures and PowerPoint presentations following university branding.

06/2012 - 11/2012

Graphic designer at AM Graphic Studio

My main responsibility was website design, including logo design in Adobe Illustrator and editorial work of print materials in CorelDraw. The main challenge was to meet short deadlines and limited budget.

EDUCATION

10/2012 - 06/2015

First-class BA degree in Digital Marketing & Social Media at De Montfort University

Prize for Best Digital Marketing & Social Media Student

Buyer Behaviour, E-Marketing, New Media: Design and Production, Advertising and Promotion modules - this made me more aware of customer needs. I use that knowledge in my projects to improve UX and UI.
